

9 February 2022

Anney School, After School Football Clubs

It has been another fantastic programme of After School Football for the Anney pupils since we returned from the Christmas break. All of the Children have been amazing. They are all working hard in developing new skills including team working, technical ball control and passing and most of all having fun. I am been so impressed with their attendance and commitment every week -even during the cold snaps.

Parents quotes

Our children have been playing football after school at Anney for several months now and always come home afterwards super happy. They really love it and the coach is always so friendly and encouraging - thank you Premier United Football Club “

“Well, where can I start, I have 2 children that play football at Anney and they have become so much more confident and budding little footballers the coaches are amazing so patient with the students it’s such a lovely club I would highly recommend them “

What has also been amazing is the demand for places at the after-school club-we now have 70 Children -or around 40 percent of the school roll - in total playing football on a Tuesday and Wednesday. There is a great balance of year groups from reception to year 6, boys and girls and those already playing regular football and those new to it. Once again, I wanted to thank all the children, Anney Staff and parents for helping to make these clubs a great success. And in my experience when the weather starts to improve there is a natural increase in demand for outdoor sports.

So, if you would like your child to continue to attend any of the sessions below, please let me know **by the 16 February 2022** so I can secure the place for them. Likewise, if your child does not wish to continue with the after-school football also let me know by this date please as the place can be offered to a pupil on the waiting list.

For those parents who would like their child to join the club for the first time please ring or email and we can discuss if a place is available.

Thank you
